

# Pro Patient Handset

ZKRUNCIPHS10200

**ZKR**

The Pro Patient Handset allows the patient's condition to be reported quickly to hospital staff in an emergency situation.

- Easy-to-clean, responsive membrane keypad
- Works through connection to Bedside Call Unit
- TV control options (Channel and Volume)
- EL lights allow visibility in the dark
- Clearly labeled function buttons can control room lighting, reading lamp, window blinds, etc.

The antimicrobial membrane of the handset reduces the risk of pathogen transmission.

## Technical Specification

ZKRUNCIPHS10200

Weight	115 g
Width	58 mm
Depth	15 mm
Height	140 mm
Keypad	Membrane
Operating Temperature / Humidity	-10°C +60°C / % 30 %80 RH
Cable Length	2 meters
Raw Material	PC-ABS-FR
Back Light	EL
Connections	1xRJ45
Color	White
